Subject: Midpoint CAD, LLC

To whom it may concern:

Midpoint CAD Services has been the primary drafting service utilized by Royalite for nine years. Both the business and personal relationships between Royalite and Midpoint have been one of continued mutual support and cooperation.

The quality of the work has always been excellent and the response to requirements for changes and need to meet schedules has always been prompt and professional.

Our best recommendation is our continuing use of Midpoint's services.

Best Regards

D.G. Farnady
