LANDSCAPE ARCHITECT

IRRIGATION DESIGN SPECIALIST

20 December 2001

**RE: Jamie Thomas**

To whom it may concern;

This letter is in recommendation of Jamie Thomas. I have known and worked with her for the past several years at her own firm, Midpoint CAD, LLC, and most recently, assisting me at my own office doing irrigation design.

She is experienced in the technical aspects of a multitude of fields, backed up with substantial project managerial experience. I have observed her to be a quick study in required new disciplines. She is at home on the computer, exceedingly fast and accurate, I know her as fluent at AutoCAD, Adobe Acrobat, and Office, among others, in short, comfortable with all the programs needed in an electronic office.

Best of all, she is hard working, unfailingly good natured, and a pleasure to work with under even trying circumstances and tight deadlines.

I cannot recommend her highly enough for any position. Please feel free to call me if you have any questions.

Sincerely,

Will Stewart
